

RESOURCES

Experienced Advisors

Provided below is a list of current advisors that Tennis Canada has had the experience of working with for year-round tennis courts and have agreed to have their names published in this document. If you or anyone you know would like to have their names published on this list, please contact us. We are interested in meeting more passionate year-round tennis court advocates to see how they can fit into our current initiatives.

AIR-SUPPORTED STRUCTURE MANUFACTURERS

The Farley Group

info@thefarleygroup.com

Currently, The Farley Group is the only Canadian manufacturer of air-supported structures. There are several other US and international air-supported structure manufacturers that have licensees in Canada.
